**Open Water\*:** Confined water sessions Thursday nights. Open water sessions Wednesday evenings and weekends. Call us to book your place.

Go to our Homepage and check out our events bubble for more info on our upcoming courses.

**\*Of course The Dive Guys realise that, unlike those of us that work in the dive industry, some of you have real jobs and need a bit of flexibility with course timetables. We are more than happy to accommodate you on this...just ask!**

## Special Offers!

**More Special Offers to tempt people out of their armchairs and into the water...**

- ❖ As proud new Project AWARE Go-Eco operator we are still very keen to get people snapping so....If you buy an INTOVA camera this month and get 50% off the PADI Digital Underwater Photography Course
- ❖ Book and Pay for your Open Water course and Pay just \$70 more to do the PADI Peak Performance Buoyancy speciality...a must for new divers.

## General Chit-Chat...

- ❖ We had a great day diving the F69 in what seemed to be a break in the weather just for us. Thanks to Dave and Raewyn for the baking.

- ❖ The idea of the week must go to Kim who, with no thought of self humiliation bought a hot water bottle on the F69 trip. While we gave her a ribbing for it we were all secretly jealous and wanted one of our own...

- ❖ The Dive Guys are delighted to announce that they are now Wellington's newest Project AWARE Go-Eco Operators. To celebrate our new Greenie status and to encourage people to shoot fishies with cameras rather than spearguns, The Dive Guys are offering 50% off a PADI Digital Underwater Photography course to anyone who purchases an Intova camera in-store up until the end of December!
- ❖ In other news, Dive Guy Sarah has finally bit the bullet and decided to exchange her old too-big drysuit for a custom made drysuit from the guys at Oceandry. It's arrival is awaited eagerly and its expected to arrive any day now...so if you see a strange looking red and black object bobbing about in the water over the next few days that's probably Sarah testing out her new toy.
- ❖ This also means that we now have a Small-Medium drysuit in our rental stock for any of you ladies out there that feel the cold.

❖ Lermie trip coming up this weekend...check our blog next week for all the news...

**That's all folks...Happy Diving!**
