

PSI DiveWear – 2010 Product Catalogue

All Content © 2010 PSI DiveWear / DIVE TEC SERVICES

PSI DiveWear is a new clothing range designed for Kiwi Divers.

All prints are done using traditional screen printing methods with textile inks for a durable and detailed print. This means they won't flake and peel off like the cheap iron on ones!

Both mens and ladies T's are made from 190gsm 100% combed cotton for hard-wearing comfort.

The T's feature shoulder to shoulder inner neck tape with a surf style collar and a cut that looks great on all shapes and sizes.

Hoodies feature 270gsm Heavy Blend™ pre-shrunk 50%cotton/50%polyester, double stitching and a double lined hood for those cold windy days out on the dive boat!
